ANNUAL REPORT

OF THE

ELECTION DEPARTMENT

FOR THE YEAR 1936.

Boston, January 30, 1937.

Hon. Frederick W. Mansfield,
Mayor of the City of Boston.

Sir,— In compliance with section 24, chapter 3, of the Revised Ordinances, the Board of Election Commissioners respectfully submits its annual report.

Registration.

Registration was held at the central office February 21, March 6, April 6, 7 and 8, and from June 1 to August 26, inclusive, and from September 16 to October 14, inclusive. No registration Sundays or holidays. Registration in wards was held on August 18, 19, 20, 21, 22, 24, 25 and 26, from 6 p. m. to 10 p. m., for the state primary; and September 30, October 1, 2, 3, 5, 6, 7, 8, 9, 10, 13 and 14, from 6 p. m. to 10 p. m., for the state election. This registration was held in two places in different sections of each ward, ten nights in each place.

Number of Voters.

At the city election held November 5, 1935, the number of male and female voters on the list was 305,400. The number of such voters in the first list published by the Board July 23, 1936, was 273,052. From that time to the close of registration for the state election there were added the names of 83,066 voters,

The number of voters on the final list sent to the polls on the day of the state election, held November 3, 1936, was 356,118, an increase of 50,718 over the number on the list at the preceding city election. The number of voters on final list December 31, 1936, was 356,118.

Nomination Papers and Referendum Petitions.

The Board received 13 nomination papers for the special state primary on which 125 names were certified; 1,090 nomination papers for the party primaries on which 12,338 names were certified; 1,321 nomination papers for the state primary on which 19,732 names were certified; 1,289 independent nomination papers for the state election on which 28,547 names were certified; 462 referendum petitions on which 12,773 names were certified; and 73 petitions for recount of ballots cast on which 3,380 names were certified. This makes a total of 4,248 papers on which the names of 76,895 voters were certified.

Revision of the Voting List.

The names of 4,371 voters were stricken from the voting list by reason of death, removal from the city, and other causes. There were 69 complaints of illegal registration.

Jurors.

The jury list prepared by the Board in 1936 contained the names of 11,085 voters of Boston. During the time covered by this report, 1,868 were drawn for jury service.

Absent Voting.

The Board received 2,576 requests for applications for absent voters' ballots. From this number 2,161 applications were received. From the number of applications properly filed, 2,066 were found to be voters qualified to receive a ballot, and ballots were mailed to said applicants. One thousand seven hundred and nineteen ballots were received in this office in time to be distributed to the various precincts before the close of the polls. Six ballots were received and not cast, as the applicants voted in person. Thirty-five ballots were returned too late to cast, and eighteen were returned by the Post Office officials as unclaimed.

MEMBERSHIP OF THE BOARD.

The term of Francis B. McKinney, Esq., expired on March 31, 1936, and he was reappointed for a term of four years, ending March 31, 1940.

Honorable David B. Shaw was designated by the Mayor as Chairman of the Board of Election Commissioners, and Daniel H. Rose, Esq., member of the Listing Board.

EXPENSES OF THE ELECTION DEPARTMENT.

The expenses of the Election Department for the year ending December 31, 1936, amounted to $304,495.81.

ADMINISTRATIVE SET UP.

I. Internal Departmental Organization.

A. The Board of Election Commissioners (1 Chairman and 3 Commissioners).

B. Executive Division (1 Executive Secretary, 2 Executive Clerks, 1 Junior Accountant).

C. Division of Assistant Registrars.

1. Assistant Registrars engaged in clerical work in this office.
2. Assistant Registrars engaged in work on ballot boxes in basement.

D. Storehouse Division.

II. Kind and Volume of Work.

A. Board of Election Commissioners.

The Board's supervisory powers extend to all work of the department, and on it rest ultimate responsibility for the proper functioning of all Primaries and Elections. In the case of City Elections it is in charge of all such matters as the advertising and posting of candidates' names and the setting up and printing of ballots. The Board certifies all nomination papers, initiative and referendum petitions and petitions on questions of public policy and issues certificates of election as required by law. The Board personally examines all polling places and outside registration places to see that they are adapted to the requirements of this department and that they are conveniently located for voters. In order to facilitate the conduct of elections the Board changes precinct lines or creates new precincts whenever necessary to maintain a uniform number of registered voters in each precinct and to prevent overcrowding at the polls. It is the duty of the Board to appoint

from the ranks of voters in each ward members of each of the major political parties to serve as election officers and outside assistant registrars. It is also incumbent on the Board to see that the persons so appointed are conversant with their duties. Before this Board come all protests and petitions on cases of alleged illegal registration; alleged illegal signatures on nomination papers and recount petitions; all ballots disputed at recounts. The Commissioners also make up the jury list and cause all whose names are provisionally selected for duty to be summoned to appear at this office where they are placed under oath and examined as to their qualifications for jury service. Each year the Board also estimates the expenses of the coming year and draws up a budget covering such estimates.

B. The Executive Division.

This division is closely connected with the Board in that it handles the clerical detail attendant on many of the Board's activities. The executive division receives and keeps records of all nomination papers, etc., and is held responsible for them. In the case of a city election, this division also receives applications for nomination papers and issues such papers if the applicant is found to be a registered voter. Agreements and leases for the use of buildings and lots of land for polling places are drawn up here each year and kept on file. This division also has charge of all accounting work done in the department, compiling the monthly budget statement of expenditures; ordering all supplies needed by the department (including the storehouse) and the handling of the bills for such supplies. All pay rolls of the department and pay rolls

incidental to elections (rent rolls, etc.) are made up by the executive division. The heavy correspondence of the department is also taken care of here. This division is also in charge of the Information Window in the office where the public may obtain information on anything coming under the jurisdiction of the Election Department.

C. Division of Assistant Registrars.

1. Clerical Group in Office.

This group of Assistant Registrars is engaged in the registration of voters, making up of Voting Lists, official tabulation of votes cast at primaries and elections, recounting of votes when petitioned, checking of signatures on nomination papers, etc., issuing certificates to registered voters who require them. This group also performs all the routine clerical work required by the Board in connection with its work on juries. These Assistant Registrars, among their other duties, are engaged in keeping the card index of voters (established in 1900) up to date.

2. Assistant Registrars in Basement.

The Election Department occupies one half the basement of City Hall Annex, which space is used for storage of ballot boxes and of ballots, the latter being stored until the expiration of the period named by law enables us to destroy them. A small group of Assistant Registrars, who are especially skilled in repairing the intricate mechanism of ballot boxes, spends some time each year in the thorough overhauling of these boxes, some of which have been in service for many years.

D. Employees of the Storehouse Division.

In this department's storehouse at 458 Broadway Extension, South Boston, provision is made for the employment of one assistant and three carpenters. The storehouse is greatly undermanned but has been enabled to carry on through a W. P. A. project. All repairs on election paraphernalia (chairs, tables, list boards, voting compartments, etc.) are done there, and some of this equipment is stored there. During the past year 21 new voting booths, together with 120 voting compartments, 20 list boards, 20 list racks and 20 revolving boxes (used in registration) were constructed there. The voting booths were painted throughout, wired for electricity and set up on the locations where they were to be used.

IV. CITY PROPERTY.

This Department has a storehouse located at 458 Broadway Extension, South Boston, which was formerly under the jurisdiction of the Bridge Division of the Public Works Department. We have the following election furniture, some of which is kept in the storehouse except while in use:

2,500 voting compartments (double partition); 3 tables, 8 chairs, 2 racks for voting lists, 1 list board, 1 bulletin board, 1 emergency ballot box for each of the 388 polling places; 8 oil lamps in addition to electrical facilities, one coal stove in each of the 44 voting booths; also 61 revolving boxes to be used for registration in outside registration places.

Any of this equipment which is not kept in the storehouse is taken care of in the polling places. In the basement of City Hall Annex are stored the following:

185 Federal Ballot Boxes.
201 Perfection Ballot Boxes.
8 Gravity Ballot Boxes.
3 large hand trucks.
6 small hand trucks.
1 wall drill.

400 new leatheroid boxes.
500 old leatheroid boxes (large).
500 old leatheroid boxes (small)

We also have shop equipment (tools and machines) valued at approximately $1,000 in the storehouse.

V. General.

The Election Department was created by the Acts of 1895, and the Charter of 1909 made no fundamental changes in it. The Board consists of four members (1 Chairman, 3 Commissioners) who must be citizens and voters of Boston and who must be equally divided between the two leading political parties. One is appointed annually by the Mayor for a four-year term beginning April 1.

In chapter 835, Acts of 1913 (Laws relating to Primaries, Caucuses and Elections), section 81, the following is set forth:

"Said board shall constitute the Boston ballot law commission, and shall in all matters relating to objections and questions arising in the case of nominations of candidates for city offices have the powers and perform the duties prescribed for the state ballot law commission; and when sitting as such, the chief justice of the municipal court of the city of Boston, or in case of his disability the senior justice of said court who is not disabled, shall be a member of said board and shall preside, but shall not vote unless the other commissioners are equally divided; and in every other matter in which the commissioners are equally divided said chief justice shall act with them and shall cast the deciding vote."

The last General Registration in Boston was held in 1896, one year after the creation of this department. At that time the names of 96,746 male voters were placed upon the Voting List. The 19th amendment to the federal constitution, extending suffrage to women, became effective in 1920, greatly in-

creasing the scope of activities of this department. In 1920 alone, 56,354 women availed themselves of the opportunity to become registered voters. Since that time, registration has amounted steadily, reaching a new peak in 1936 with 356,118 men and women registered to vote in the city. The Board annually causes the new Voting List to be compiled. This is done by carrying over from the Voting List of the previous year the names of all registered voters who are properly and completely police listed as of January 1st of the current year. Persons dropped from the new list because of non-listing or incomplete listing are notified by mail at their last known address and given an opportunity to appear here to be re-registered. The Board cooperates with the public in the matter of registration by arranging to have this office open for as long a period as possible and by providing places of evening registration in every ward.

Ward lines in Boston were last changed in 1925 (chapter 410, Acts of 1924), at which time the city was re-divided into 22 wards instead of 26. With the change in ward lines 339 precincts were made (there has been 274 in the 26 wards), and since that time the Board has found it necessary to increase this number to 388.

As provided in chapter 234 General Laws, amended by chapter 311 of the Acts of 1924, the Election Commission prepares a list of the inhabitants of Boston liable to serve as jurors. In 1926 the Board established a system, still in effect, by which each person provisionally selected for jury duty appears at this office to fill out a questionnaire, making oath to the statements contained therein before a member of the

Board. This gives the Board an opportunity to meet each individual and note his physical defects, if any, or any disability that would render him incapable of performing the service that would be required of him as a juror. These personal examinations also enable the Board to ascertain the educational qualifications of each prospective juror. The members of the Board make an impartial selection from all parts of the city of men of various occupations and are of the opinion that the persons finally selected represent an average cross-section of our citizenry.

The City Charter, as amended by chapter 479 of the Acts of 1924, provided for a change in the date of the municipal election. Instead of being held on the second Tuesday of December, as theretofore, it is to be held biennially on the Tuesday after the first Monday in November of every odd-numbered year. The biennial state election is held on the Tuesday after the first Monday in November of every even-numbered year. The Mayor of the City is to be elected for a term of four years under the present law and is not eligible for election to the succeeding term, and the City Council is to consist of 22 members, one from each ward of the city, there no longer being any councillors at large. Such changes in the dates of elections were reflected in changes in the routine of office work in the Election Department. All statutes relevant to the duties of this department in connection with city elections are listed in the 1936 Municipal Register.

Respectfully,

David B. Shaw,
Daniel H. Rose,
Frederic E. Dowling,
Francis B. McKinney,
Board of Election Commissioners.
